# Ethernet Switching HUB

Function

▌ Transferring data between automotive Ethernet devices

Feature

▌ Small board design with good vehicle mountability

▌ Mounted on a small automotive Ethernet connector
(4 ports per a connector)

▌ Transferring data for 100BASE-T1 & 1000BASE-T1

Performance/Specification

Supported protocols & Number of chanels	Ethernet : Comply 100BASE-T1 × 5ch(100Mbps) Comply 1000BASE-T1 × 3ch(1Gbps)
Operating Temperature	-40degC to 85degC
